The Premises:

The North Row bottom floor flat is well known. Nicely decorated with two rooms for visitors. Met by the maid, very friendly nice chat while I waited for a room to become free. Plenty of mirrors in the room so you enjoy viewing your date from all angles

The Lady:

Beautiful, just look at her pictures on the website. Nice firm body, she stands at 5ft 8in tall. Fantastic curves from her breasts to her hips, to her rounded buttocks, and then those lovely long tapered legs.

The Story:

Tiny background here. I don't write FR's very often. I had found the girls I am happy with. This is my retirement year from punting, so I have been saying some very fond farewells. There are girls at HOD who have given me the best days of my life, big thanks to Chloe, Petra, Juliet and my special friend Felicity who can always make me laugh. All girls come highly recommended. I have love and enjoyed their company so much.

Lea was an opportunity to take some time out from a bad period I was stressed and depressed. She entered the room and I so regretted I would be giving up my hobby and that I had not booked her for the entire afternoon. She is the perfect Princess. She is relaxed, confident, and very welcoming. She simply melts into your body offering herself for you to touch explore and enjoy. Her lips are soft, her kisses tender, and her body is wonderful to slowly explore.

She poses naturally letting you enjoy the view of her assets, she uses the mirror in the room to show off her perfect form as she kisses and embraces you. I undressed her slowly savouring every nuance of her natural shape. We enjoyed several different positions before she started to massage me. Her fingertips slid over my body like the tips of butterfly wings.

Thank you fate for making my meeting possible with a most wonderful young woman. I just wish this was 1997 and I was starting out on my punting career and not 2009 when it is coming to an end. Gentlemen I encourage you to sample a wonderful special treasure. A divine gem, a princess of

pleasure to enjoy.

Would I see her again? Every day if I could. Would I recommend her? Yes only because I cannot keep her for myself.
