Details of Service Provider:

Company: Thai Paradise
Website: <http://www.thaiparadise.co.uk>

The Premises:

Down a side street near the town centre; not overly discreet, parking on road outside. Room I used was a bit tired with damp roof in the corner.

The Lady:

Fairly attractive short thai lady with belly button piercing and large tattoo.

The Story:

Typical thai parlour punt really - unfortunately. Only risked it because of previous good report, but the requested price seemed to be picked out of thin air, girl was practically silent and after initial OW tried to tell me that was all I got for my money - when I'd paid for a full service. Insisted on getting what I paid for so she fucked me as fast as possible. Refused to share shower with me afterwards claiming it was too small - when it was a big double stall affair. Polite enough but basically just a typical grab your money and get you out of the door as fast as possible experience.
