### The Premises:

I was asked to call once I had reached Checkpoint Alpha (local Tesco Express) before being expertly guided to the meeting point (her place, secure, quiet, inconspicuous and more importantly - safe for vegetarians)

### The Lady:

She lists her age as 27 on her site but being honest, she doesn't look a day over 26. As for her height, very accurate at 4'11" and a smile too large for her tiny figure.

### The Story:

Our meeting took place, our 'conversation' masked by the dulcet tones of Tony Hadley and the rest of the gang singing 'True'. Halfway through I was introduced to someone who, for the purposes of this report, will go by the name of 'Angus'.

Angus is a small fellow (that's politically correct right?) about a foot in height who is normally very quiet by nature. He has the ability to 'turn it on' at any time and has a huge fear of water.

Overall a very enjoyable meet.
