The Story:

I had been wanting to see Jan for some time, and got an opportunity so called her and fixed a date at short notice. I arrived after following clear directions and was greeted warmly by Jan who ushered me upstairs immediately and we had a nice snog then with Jan leading happily we were soon both naked and she was fondling my cock while my hand slipped down to her cunt which I gently explored with my fingers. I asked her to lie back on the bed and was soon admiring and licking her beautifully formed shaved cunt, with her responding happily. She was quivering as I tongued her clitty and obviously on the edge of orgasm. I asked how she liked to cum best, and she said a vibe on her clitty was best so whipped out her vibe and she applied it while I continued to lick her. She became very flushed and was obviously in a very advanced state of sexual arousal when she exploded into a huge orgasmic convulsion, with her whole body bucking and shaking, as the waves of multiple orgasm overwhelmed her. I love it when a female cums like that! Now I am many years past my prime, so sometimes my cock only partly rises to the occasion. I would love to have fucked Jan properly, but in the circumstances settled for her giving me some extremely caring and attentive oral. All I can say is that she did it exactly how I like it, and despite my cock being only slightly firm and far from hard as in the old days she brought me to a delightful climax, sucking out all my sperm which she swallowed with obvious glee! We then both relaxed and enjoyed just talking before I left knowing my balls had been drained by a lovely woman. As soon as I get another opportunity I will be on the phone to Jan and get her to do it again. Highly recommended, and if anyone reading this is at all, nervous about going to Jan, don't be. She is lovely.
