The Premises:

Surprisingly Ok given the outside appearance. Probably the best looking inside of the similar style places in Bristol. Safe area.

The Lady:

Good looking lady, long hair, tanned slim body, beautifl tits with large nipples.

The Story:

I decided to check out Diamonds after reading one report. I have driven past it often enough and it always looked pretty shabby and exposed on a main road, but inside was much better.

there were three girls working, all in good shape, but Daniella took my fancy and showed me to a good size room with a large corner bath/shower and offered me a drink and a shower (didn't take her up on either, but nice to be offered). Room was a bit cold, but Daniella got it warmed up quickly in more ways than one. Porn film showing on the TV, thankfully without the sound up and no radios playing either which i really don't like.

Daniella gave me a very nice back massage, tickling my balls between my legs which drives me crazy, and rubbing her tits up and down me. When she turned me over she started working my cock and fingering herself as well, nice combination! I was happy to join in and was only disappointed I didn't have another tenner on me for reverse oral. On with the mac and some nice oral action with me leaning behind her to tckle her crack and rub her clit. Finally took her from behind standing up with her on the bed for a great ride to the climax.

Lovely lady, talented and sexy. Great punt and highly recommended.
