The Premises:

Debbies, as universally known.

The Lady:

As pretty as a picture, and with the loveliest body - quite tall, slim, leggy, with the most gorgeous bosom. Also - I'm pleased to report - a full bush of pubic hair. When I turned her round to face the big mirror, I thought this is a young woman who could earn a fortune in an up-market "gentlemen's club".

The Story:

Naomi seems to appear and disappear from Debbies according to whether she's in love or not - "a long story," she said. She's very cheerful and smiley, and I can't think there's anyone she wouldn't get on with. To be honest, a bit young for me, but's that's my problem, not hers (or yours, probably).

Helped each other to strip off, then lay down for some brief cuddling. First, some covered oral (I think there's room for improvement here, not very sensuous - but a condom doesn't help). Then reverse oral, then delicious sex in missionary: I told her, she must have the warmest, most welcoming pussy I've come into. Exquisite orgasm, then chatted and dressed, and off into the early evening with a very pleasant sensation in my loins.

I've said I wouldn't visit again, but that's partly because I rarely see someone twice, but also because of the age difference. Others, I'm sure, would gladly see her many times.
