The Story:

Didnt say a lot, dont think she can speak much english, didnt kiss. Started off with a really long massage, I did wonder if there would be time for sex. Then finally started OWO (cost an extra ?10, which although she said little she did manage to say that!!).

Then sex, but did the "ooh you too big trick" so you managed to get about an inch in and she was pushing back.

She then went on top allowed a bit in and then just sat straddling me, not moving up and down at all!! I did think how was I going to cum at this rate as a touch of friction would have been good.

Eventually changed position and got a bit of mish so managed to get my dick in and actually get a bit of sensation.

As soon as I had cum I dressed and left.

Not the best experience I have ever had.
