The Premises:

On a cold and wet day like today, Kiss Kiss really hits the spot. I've decided what I really want here is my own wingback chair and a selection of periodicals in the corner of the back room ? bit like a gentleman's club. Ten minutes sitting in that when I arrive, a little snooze, and then down to action with the lady of my choice (maybe I could start smoking a pipe?) If any other punter tries to sit in my chair, there's going to be trouble. I'm going to suggest it to the Maitre De, Saskia, next time I visit. Saskia, who BTW was looking very gorgeous tonight, will fix me with her finest quizzical look, smile and say ?sounds like a plan, Phil?. Ha!

The Lady:

Monica is a lithe and lovely Estonian. Tell her how much you like her hair ? of which she is unnecessarily and very endearingly self conscious ? and she will love you forever.

The Story:

Should I review Monica? She's so sweet and friendly, that I would really rather keep her to myself. But I guess this goes against all the rules. So, for me, she gives a perfect half an hour (actually more like 45 mins) of ?girlfriend?- an entertaining chat over a fag, lots of fabulous snogging and cuddling, then a seriously intense and sweaty shag. And a just hint that she is really rather enjoying herself, which I find the ultimate turn on. However delusional I might be! And for that, she knocks all of the other girls I've had in recent months into a cocked hat. I can't write any more ? she's worn me out.
