The Premises:

Cheap hotel. Agency was keen to make this happen. I'd called a rival agency earlier which wanted a 2 hour minimum because it was in South London. With Asian 121 they asked for extra ?40 for late hour and extra taxi.

The hotel had a security lock in place but Sunny managed to get to my floor before we met.

The Lady:

Very pretty, as per website. mid-20's, slim, enhanced boobs but nicely done - not too big. Lots of smiles and giggles.

The Story:

OWO first half hour, covered shag in various positions next 20 mins, clean up, shared shower, 10 mins of massage.

I really liked this girl and I was surprised to see a couple of negatives in punternet feedback.

I will be seeing her again for an incall. 8 out of 10.
