The Premises:

Ok to find. Oddly enough, I was only a few yards away when I rang up for directions. A bit cramped inside but nice and warm which was the main thing!

The Lady:

Both ladies in the prime of life. Alicia was taller and slimmer with gorgeous waist length raven hair. Ruth had fabulously dirty eyes which told you exactly what she was thinking. Both were very attractive, willing and fun.

The Story:

This was my first 2 girl session, and it couldn't have been better. If I say that both girls were "wet and willing" you'll get the picture: Initially started with a back massage and Ruth is very good with the muscles. Turned over for some mutual stroking and found that Ruth was already wet. She also has lovely sensitive nipples. Started kissing (a surprise) Alicia and then Ruth. This was none of that tongue tickling nonsense but full on passionate stuff, just like getting a new girlfriend in bed for the first time! Both girls were keen to start OW and I wasn't going to stop them. It was fine but at the end of the day there was still a condom in the way. Perhaps OWO is an option - I didn't ask. Before the main event, I was keen to return the favour and as Alicia had to go and answer the phone, started with Ruth. She certainly seemed to enjoy it and came just as Alicia returned. I got her to sit on my face and she also came fairly quickly. The girls then took turns riding me, whilst I kissed and fondled the other. Finished with a Alicia wanking me over Ruth's boobs. This was the best session I've had for a couple of years now. The girls were wonderful: Sexy, beautiful and fun. They work very well together and made me feel great. I'm fairly sure we went over the 1/2 hour and for ?60 - it was the bargain of the year. I'll be back next week!
