The Premises:

The occasion was the CI Social held at their new location in Whitefield. which is in a row of shops on Bury New Road, access being round the back of the building up a fire escape. There's a fair amount of free parking available at the front, side and rear of the building and in the side street. Once inside, it's obvious that a lot of money has been spent, decorating the place to a high standard, so very much an up-market venue.

I was let in by receptionist, Caroline, with whom I've exchanged a few PMs but never met in person and introduced to agency proprietor, Jane. Also present were a number of LBB regulars and I started chatting with them until I was distracted by a vision of loveliness passing by.

The Lady:

Now there can't be many locals who aren't aware of my preference for the more mature voluptuous brunette and this lady certainly wasn't that - long blonde hair, slim and curvy doesn't exactly fit the template. But there was something about Charlotte that grabbed my eyes. We started to have a natter and it became very quickly apparent that here was a very intelligent lady with a great sense of humour and drop dead gorgeous too! My initial reaction was that she was probably late 20s and I was surprised to find I'd under-estimated her age by 10 years. We established that we had a number of things in common and a short chat was developing into something more. I put that down to the Eastern European look about her (it's all in the cheek-bones) and I must admit to being seduced by her soft Liverpudlian accent. Oh and sheer lust!

The Story:

Charlotte has an amazing way of maintaining eye contact and, very soon. I found myself feeling incredibly horny, thinking of the things I'd like to do to her. Apart from seduction by hypnosis, Charlotte also seems to possess mind-reading skills because around the same time, she asked me if I'd fancy getting a room with her. "Do bears shit in the woods?" were my thoughts, "you bet" was what came out of my mouth. Asking me if I liked stockings and suspenders, she then proceeded to tell me she'd been gagging for it for a while, which was my prompt to explore for myself - Mmmmm, I do love that area of naked flesh at the top of the ladder! ;-). For a while we enjoyed using our

hands surreptitiously out of the view of the other visitors, with me rubbing her pussy gently through her knickers. There's a certain frisson about sexy foreplay in public and both of us were getting quite turned on, and eventually threw caution to wind, starting some deep kissing.

It felt like an age before a room became available - probably not that long in practice - but it all helped to build up the tension and the rampant randiness developing in both of us. By the time we got the room, Charlotte threw herself on the bed and we started some deep snogging. We peeled off some of her clothing, as I dropped to my knees and started to get a taste of this lovely lady by administering oral and introducing her to the Pole's tongue and fingers. Result, as I hit the jackpot and she climaxed.

Until that point, she didn't realise that I was still fully clothed but that was soon remedied, after which she returned the favour with some beautiful gentle sensual oral. After that, sheer lust continued to take over as we explored each others bodies, kissing, licking, hugging and laughing. Todger had had a bit of action earlier in the day so I was content with some gentle oral, rather than anything else and more than happy at working on this horny minx. So it was a matter using fingers to explore her body further. Oh and getting my lips around those gorgeous pert nipples. They have to rate as being among the most responsive I've come across in a long while and her breasts are absolute beauties, a nice handful/mouthful, whatever takes your fancy.

She climaxed three times in all, the second time resulting in what I would call "wobbly legs syndrome". I grabbed her for a third piece of action towards the end of our time when I took her by surprise, starting to lick and suck her out from behind, (oh yes, she has a gorgeous peachy bum too) after which she was drained, and in a dreamy state, just cuddled up, almost sleepy. One of the joys of the night was holding a beautiful appreciative lady in my arms, looking dreamily into my eyes, lost for words! I wish I'd had those skills twenty or thirty years back, but there you go.

This has to rate as one of the horniest sessions I have ever had. If there'd been a cash-point nearby I'd have happily bankrupted myself and bolted us in the room for the night or even longer, LOL. Anyway, after a generous hour in the room, we both came out with bloody big grins on our faces and to the amusement of some of the other ladies present!! Charlotte continued to stare dreamily at me before we finally let each other go.

I still felt horny when I got home and needed to choke the monkey. I had the most vivid randy dreams and Charlotte was the first thing on my mind when I woke in the morning, still playing at tents.

Absolutely amazing session. What can I say other than "where's that rota"..... 0161 876...

Thanks again, honey.
