The Story:

Wow Wow Wow, Louise is very good at this!

After pleseant introductions we discussed what I needed. As I didn't want to discuss it all I had written down all the things that I wanted- this turned out to be a good move as Louse used this through our session to make sure that I got exactly what I wanted (and what I deserved!).

The hour and a half flew by and she tormrnted me expertly- I've never been tormented, humiliated, fucked and tantalised so well.

After I had respectfully worshipped her she had me up on the cross for a great teasing session with a little pain thrown in. When she let me down she led me around by my cock, fucked me and pissed on me to my hearts delight. Next she made me watch her pleasure herself, queened me and then allowed me to fuck her before making me swallow my own juice as pennance for my sins.

Louise has a great body especially her breasts and knows how to please. She made sure that she gave me what I asked for always with style and conviction.

Thank you London Retreat & Louise
