### The Story:

My first ever Indie, was pretty nervous at the thought of her coming to my place, but Mandy put me at ease with plenty of texts and then a phone call when she was in the area. Watched Mandy get out of the car and knew I'd struck gold, she is very pretty with the body of a teenager. She came in and we sat down and chatted for ages, she?s very chatty and easy to get along with. I decided it was time for some action and followed her upstairs to my bedroom. Mandy may be a lady but when she gets to bed she changes to a sexy crazed nymph.

She took off her bra and those famous nipples nearly poked my eye out, I?ll swear they got erect just by me looking at them. I licked, sucked and nibbled them until they got bigger still, Many told me to get on the bed and we kissed and cuddled for ages, she then gave me OWO, she?d bragged about how good she was and wasn?t lying I had to stop her because I started getting the urge to come. My turn and she has the loveliest shaved pussy I?ve ever seen. I knew she was enjoying my efforts because I felt a couple of little contractions from down there and from the massive smile on her face.

On with the condom, once she?d found them and she climbed on top and rode me, whilst I played with her perky tits and nipples. I then flipped her over for missionary before being invited to do her doggie. Felt I was coming so she told me to come down her throat and she dutifully swallowed the lot, then licked me clean. We then kissed and cuddled like old lovers, along with lots of giggling and joking. Mandy never once looked at the clock and even told me off when I asked about the time, telling me to get down between her legs and to give her more oral. She pushed my head down and pulled my hair. Then it was my turn for some more OWO, before she instructed me to come all over her bum and stuck it up in the air, it is awfully cute.

We both got dressed and went back downstairs for a drink and another chat; she turned back into a

lady before saying goodnight with a kiss and a hug. Later I got a text thanking me and asking if I'd enjoyed our time together. I can't recommend Mandy enough; indeed I've already booked her again. Think I'm definitely addicted!!! 10/10
