The Story:

Very friendly and welcoming. Started with a massage (which she has certificates for), and then she gave me a lovely owo. She is very responsive, some gentle teasing and sucking on her nipples soon had her very wet, and she really enjoyed being fingered and licked. Had sex in several positions, but I liked cowboy best, as this gives you the best view of her face and boobs. If you are only into catwalk models, then don't bother, but if you love womanly curves - as I do - then you will have a great time.
