The Premises:

Private premises up a discrete staircase off a side street. The premises are clean; there are clean towels and the bed doesn't creak. I have been here several times and feel quite safe.

The Lady:

A late-20s Thai girl, about size 8. Good looking, slim and with a great figure and enough English (and Italian) to make it possible to communicate.

The Story:

I am a regular here but have never submitted a report before. The girls change each week and there is a mix of both totally new ones and regulars who return every month or so, all for a week at a time.

Katy offered a massage but she was so alluring and friendly that we quickly became acquainted and moved onto other business in a natural and progressive way. A massage was offered and accepted afterwards.

A typical encounter for this establishment: a nice time with a very attractive girl and at a very decent price.
