The Premises:

One up one down ground floor flat not far from station. Room was clean and tidy, red was the dominant colour, feels like being in Amsterdam.

The Lady:

Pleasantly attractive, would say late 20's and 5'7 in height, slim, with brown hair.

The Story:

On my way there I got a text msg from her asking me to buy her some cigarettes. My immediate reaction was of what a cheek, should I get some groceries as well? This sounded the alarm bells and I was contemplating turning back home. But as I was almost there, curiosity and horniness got the better of me, so stopped off to buy the cigs and continued my way to her street. However I couldn't help thinking I was going to regret this.

Just before she opened the door I was preparing myself to make my excuses but I was pleasantly surprised when I met her. She was not what I had expected at all. Seemed very friendly and welcoming, and most importantly looked fit. I was glad I didn't cancel.

What followed in the bedroom was a nice session of erotic sex. She appears to be quite a chatty person. But I would say this is part of her character rather than a tactical ploy to waste time. The extra fiver I spent on buying her cigarettes was worth it. Ela, sorry for getting you the wrong ones, I'll make sure I get the right ones next time.
