The Story:

My first ever visit to a parlour and was shaking like a leaf, lady in reception explained everything clearly and was pleasant. Requested Jordan as I'd seen her pics on website and God is she stunning. All the nerves I had at the start soon disappeared as she made me feel at ease and guided me through it. The massage was so relaxing and exciting at the same time. Then gave her a massage which was mind blowing she has a body to die for, the word perfect for her bum doesn't go half the way to describing it. Everything was unrushed friendly and I would definitely recommend both the parlour and especially Jordan. Can't wait to go again!
