The Story:

I unexpectedly found myself free in Bristol and having seen her website Paris was definitely on my list. Was able to make loose arrangements which I confirmed later in the day, Paris was OK with this and very accommodating. On arriving at the flat I immediately knew I had made the right decision. As I had only booked half hour I declined the normal massage, I also wanted to get my hands on that fine body, Paris had other plans and had me sit on the edge of the bed while she stood in front of me very close. She gyrated seductively and slowly undressed. Paris then took hold of my hands and rubbed them all over her body. She then picked up a dildo and played with herself with it and encouraged me to do the same (did I need encouragement?). While I had the dildo she licked and bit my nipples and then told me to lie on the bed while she took my balls in her mouth, one by one licking and sucking and teasing them. I was still on the edge of the bed and she told me to get fully onto the bed where she put a condom on me and got into the 69 position. We performed oral on each other for a few minutes before she swung around and climbed on top. Paris took complete control and knew exactly how to press the right buttons. I lost count of the different positions we found ourselves in but once we were in missionary there was no way I was able to watch my dick pounding such a fine female and not bust a nut.

We then spent ages laying on the bed stroking each other and talking like old friends with no clock watching. A shower and a kiss goodbye saw me merrily on my way back to London. Even though I was only meant to be there for half an hour, by the time I left it was over one hour and Paris did not take any more money.

Will be back
