The Story:

Well I dont get to this part of town very often, & this confirms just why. I phoned before I arrived & was told that there were 3 girls working that day. When I arrived there were only two girls. One called Kerry, who I was told was mid 20's, the same as I was told about her at least five years ago when I saw her at a place in Orpington which has since closed down. I should have trusted my gut feeling & just turned around, but I didn't. I chose the other girl Veronica, & she was all smiles to start with untill the cash changed hands then it was "dont touch my nipples, they are very sensitive", "don't touch my pussy you have to pay extra"..... I have been going to working girls for over 20 years, & this has to be one of the worst punts that I have ever had. Do your self a really big favour Gents, avoid this place at all costs, unless you want to feel like you have been robbed.
