The Premises:

Upstairs in a large house in a decent area 5mins walk from Woodford Tube Station. Nothing seedy about this area. Nice large clean room. Polite maid and three girls to choose from. They all walked in and said hello before I made my choice.

Much nicer environment generally than their 'sister' company "lipsmassage.co.uk".

The Lady:

Tall slim brunette. Nothing striking about her and not that attractive facially. But a good body, nice legs and firm tits that got harder and harder the more I fondled them.

Not normally the type I go for but the best of the three girls on offer that night.

The Story:

Nicole was not that attractive but she made up for that with her approach to her work. She was very accommodating and I never felt rushed at all. Started with covered blow job and then tried 4-5 positions but she never complained or said I was running out of time.

A great experience all in all. Nicole has a good attitude. Would see her again.
