The Premises:

This was her house in a built up area, entrance door at ground level, but straight up a flight of stairs. "well lived in house" Cleanish but she could make an effort. Cost ?7 in a Taxi from central. Plenty of free on street parking if req. Place stunk of fags with overflowing ashtrays and fag packets placed on the arm of the couch. Her fellas weights and tool box lying around the living room. bedroom for work, bin overflowing with wetwipes and condoms. Shower so/so with off white towels.

The Lady:

the pictures of her on the other site are of her. Site says size 8 5'5 32D aged 23. I think more late 20's Has had a child so the signs are there. Tits just hung there like spaniels ears when the bra came off. A fair bit of stuble and stale smell down below.

The Story:

I like kissing, DATY, CIM and a few sessions in the hour. the kissing was on offer but the fag smell was off puting. Did DATY but the smell was off puting but she was responsive and after coming she pulled me close to lick her own juices. One pop with CIM the a second round with missionary
