The Premises:

Nice flat on the ground floor of a block in the Oval area. Very quiet. Very tidy and comfortable.

The Lady:

Very busty, blonde Polish lady. Mid 20s I'd say. Softly spoken and a bit giggly with a very sweet, almost squeaky voice. Very attractive.

The Story:

I've been meaning to write something about this lady for a while, but failed to get round to it. She is well worth a visit and is pretty hot. She seems to love hugging and kissing, which is just as well as I love that kind of thing as well. She is quite well-built, but nicely so, plenty to get hold of if you like rolling around. But on the serious side, if you pay a little extra she will suck you off bareback, which is really very enjoyable and certainly floats my boat. Pity she won't swallow though. She also does rimming, which costs more again - will try this next time.

Anyway, I've seen her a couple of times now and thought I should write something about her as she seems under-appreciated. I will be back again, when am able, though there is a danger you could get too attached to her.
