### The Premises:

Her place is a rented modern apartment she uses to meet clients. It is near to a busy main road about two miles from the City centre.

On street car parking is available nearby.

### The Lady:

She is a great looking girl in her mid twenties who dresses well and had spent time preparing for our date. She is 5'5" and has red hair with a slim bod and an ass to die for.

### The Story:

Sarah is a lovely girl and a special person for someone who has been in the business for five years.

She provided me with one of the best punts I have ever had. I know it may seem like a cliché but we seemed to gel immediately and got on very well together.

The time I spent with her seemed to fly by very quickly, which is always a sign that things were going really well. I would have loved to have spent more time with her and may do so next time.
