The Premises:

A slightly intimidating part of south London. Local authority flat on ground floor in a run down estate. Inside a bit cluttered but room was satisfactory. Nowhere to hang my coat though!

The Lady:

Ebony goddess. A total Brazilian hardbody with perfect pert little breasts. Absolutley stunning black lady around 25-28. Average height but nothing average about her body! She says that she used to be a lapdancer... with the gifts nature has bestowed upon her she must have made a fortune. Quite simply she probably is the closest thing to female perfection I have ever seen.

The Story:

Unfortunately this was NOT a good punt.

Despite her physical credentials being top notch, her service is somewhat reserved and perfunctory. She seems a little detached and to be honest probably feels she is too good for this sort of occupation.

Every little extra service demanded an extra fee and to me this just killed any spontaneity or fantasy. Her fee structure also seemed to change from minute to minute.

Having said all this she has a lively mind and a bubbly Brazilian personality and I found it very hard to dislike her. She may appeal to the punter who just requires a pretty body to bang happily away on with no real involvement from the lady. I would say that for this price range there are far better ladies around and I would not recommend.
