The Premises:

Rather shabby downstairs but better in the "work rooms" upstairs. The rear room, which we used, is not as spacious as the front one, but is clean and fit for purpose. Plenty of free parking nearby and on a bus route.

The Lady:

Romanian girl in her early twenties. Medium dark hair, quite tall with medium breasts and a slight tummy - too much eating she said. Very poor English.

The Story:

Not a good punt, due mainly I think to her poor English. It was very difficult to get her to understand my preferences and she used no initiative as to what I might like.

She wanted to put the rubber on almost immediately and her "O" levels when requested were rough with no technique at all. I soon gave up trying to have any decent foreplay with her and moved onto sex in too positions finishing in doggy. I came rather quickly, not because the experience was erotic, but because I had no rapport with her and was therefore not at ease. The "core" part of the punt lasted barely 15 minutes and although I had paid for half an hour I couldn't wait to leave.

Not up too the standard of other girls I have seen previously at Honeyz.
