The Premises:

Recently refurbished parlour on a quiet street off of a main road. The room was clean and tidy and there was no background music being played either, which was good.

The Lady:

Around 5ft 5 inches tall oriental lady with long black hair, small breasts and a shaved vagina.

The Story:

Started with a massage which I will admit has to be one of the best I've ever had, and also included much tickling and stroking of my ass, balls and cock. After the massage I turned over and she led down next to me and we kissed while she played with my cock and I played with her boobs and her clit. After a while she gave OWO which I must say was the best I've had in a while with lots of kissing, licking and sucking of balls and cock. The one downside was that she attempted to have sex without a condom, but I stopped her and asked for a condom. We had sex with her on top and then missionary position, a few little squeaks and moans from her and the occasional glance at the clock. Finished up with me coming over her tits, a quick clean up and more kissing and cuddling.
