The Story:

I've never before paid for sexual services but have led an active BDSM/sexual life with partners that have been very tolerant of my hedonistic tendencies and complete lack of shame and inhibition.

It was whilst in Amsterdam that my current partner suggested we ought to do something special from my 60th and it was fate that drew me to Ms Beth's one and only PR report. Checking out the website, it all made sense and suggesting this to my partner, she happily agreed to indulge my fantasies.

To get to the 'meat?', I made the approach through email and Ms Beth was very understanding, cut me out of the loop and then started communicating directly with my partner, my Mistress, likes and dislikes, tolerances, limits, etc., and so on Saturday Dec 5th, my partner and I made the journey north to Morecambe.

On arrival, I expected a friendly greeting between the 3 of us, there was, but only between Ms Beth and my Mistress, I was immediately put in my place by the fearsome look, piercing eyes and intimidating breasts of someone who was surely born to Goddess status.

I was taken down to the well equipped cellar area which had the fullest range of equipment and facilities that I could ever imagine, and stripped, and then it started.

Ms Beth, in cahoots with my Mistress, took me through the full gamut of pain and pleasure. The dynamic was exquisite, I have a very high pain threshold but at one stage completely blacked out; was it the thrashings, the nipple torture, the electrics, the catheterisation - which would have been a limit if I had any say in it, who knows, sensory overload but I was released and collapsed on the floor.

Given 5 minutes, my senses returned only for me to be strapped to the flogging bench with a

sensory deprivation hood. Was it 5 minutes more, was it 5 hours, I can?t remember. All I recall is being brought to a climax at the end by one Mistress? hand or the other, vibrated such that I gushed and gushed semen until I was completely drained, my will was broken and time had evaporated.

And then we all sat around with cups of tea and talking, magic?

My experience was a first and very special, a threesome to die for. You make of yours what you will, She knows what she's doing, this woman is exceptional and well worth seeking out for those prepared to hand over control.
