The Premises:

Once inside this nondescript low rise block I found myself in a warm, intimate, clean and tidy "boudoir" which exudes DM's personality. A bottle of wine was chilling and some nibbles were laid out. Later there was food and later still, breakfast. Excellent!

The Lady:

DM is beautiful. Porcelain skin, black hair - Louise Brooks meets Betty Page maybe, with a very sexy Scottish accent. She was wearing a retro dress, "proper" underwear, stockings and hand-painted shoes (she's very arty and it shows). She also thinks she has put on a few pounds after an unfortunate shoulder injury but from where I was standing she is very wrong - a true woman with curves in all the right places and a beautiful smile.

The Story:

For good reason DM doesn't subscribe to the concept of acronyms (OWO, CIM etc..)and anyway, we did things that these simply don't cover. I purport to be a gentleman and have no intention of divulging details of our time together here; suffice to say that I had a very, very personal and intimate experience. And I lost track of time (which was never mentioned; for which many thanks, DM). Oh yes, EGC - extremely good conversationalist! I hope to be one of her boys for some time. I'll bring cheese.
