The Story:

As soon as I walked in, she locked the door, then she said I was to do exactly as she said. She pulled down my trousers, and deep throated me OWO - very good technique. Then she stripped me, threw my clothes in a corner, then threw me onto the bed. She raised my legs, then proceeded to rim me deeply.

I had agreed watersports with the agency before - both ways. I said I needed to go, so she led me to the shower. I stood over her, and she let me pee over her face and into her mouth. i think this was her first time for this. Then she gave me a little WS as well in the bath.

Then back onto the bed, where she tied my hands to the bed, but quite loosely. She rubbed baby oil over me, then gave me more OWO, rimming and then licked my toes! She then asked me to slap her a little, which I didnt really want to do, so politely refused. She alternates between dom and sub.

We did some doggy anal, before she fetched me some more water so that I could give her WS again. So back to the shower, where i peed on her face again, then gave her a facial. She is very dirty.

As I was dressing, she said that I could use her as a human toilet next time! Will have to visit her again. She sticks to a well documented routine, but is very open to new suggestions.
