The Premises:

A clean and tidy flat in a South Kensington apartment block, in a fairly upmarket area. Easy to access.

The Lady:

Laura is in her early 20's, clearly recognisable from her pictures but even more attractive in person. She has a lovely figure, deliciously smooth creamy skin, and a smile which lights up her whole face.

The Story:

We chatted for quite a while when I arrived - Laura speaks English well, although it isn't her first language - mainly because seeing Laura smile, which she did often, made me happy to be alive.

Eventually we moved onto the more intimate part of the evening, which was one of the most amazing experiences I have ever had. Laura is certainly beautiful, likes to kiss and be kissed (which is critical for me) and has an excellent oral technique, but what made the experience so enjoyable for me was her ability to be there, real and present in the moment, all the time we were together.

I can honestly say that I've had entire relationships and not felt the same level of erotic intensity. All I can say is a big thank-you to Laura, as it was a real pleasure - on so many levels - to meet you.
