The Premises:

Clean place. In the middle of an industrial estate - busy during normal office hours, deserted after hours and weekends. Been here a couple of times before and felt safe. They've got a secluded carpark away from prying eyes next to the building otherwise there's plenty of on road parking.

The Lady:

Eastern European (was told she was Lithuanian) early-mid twenties.

About 5'6", slim, pert breasts, clean shaven down below, light brunette hair, not too heavy on the makeup.

Wore a nice fragrance, that I could still smell on my way home.

The Story:

First time reporter so please bear with me.

This is the second time I've seen this lady. Was not offered the hot tub, so no wet fun this time.

Started with a back massage and was offered some Dove body lotion instead of oil/talc - which was a nice touch. The front massage was half hearted as she quickly moved on to giving me some covered oral.

Onto some sex, with her riding me cowgirl both forward and reverse. Then flipped over for some doggy and finished in missionary.

Was told at the beginning kissing and reverse oral was ?20 extra each. I didn't take her up on the offer initially, but midway through the session and caught up in the passion she moved to kiss me, who was I to deny her?

After coming, I pulled out and with some of my erection left, she continued to wank me off and I came a second time. Nice!

Had a quick shower and left a small tip. Final kiss and hug at the door and we parted ways again.
