### The Premises:

Block of flats (not YMCA as far i could determine) next to big carpark and street parking available. Nice flat with ensuite bedroom. Let in by a wise Chinese maid who is propably the manager? Good facilities and double bed too.

### The Lady:

I asked for Yoki whose field report i read with interest and i ended up driving here on that assummed affirmative. I guess some cultures are up to speed with punter choice! Different girl everyday said the maid. I was asked to take my shoes off and given a pair of slippers. Language was lost in translation, though i managed to get a postcode ok.

### The Story:

That said Lin is an attractive chinese woman of about 30 years and pleasing to eye with nice figure and nice breasts which she used as a tool for massaging me. Unlike Yuki, she was not into kissing, sigh. We went through the process with her stopping every so often to wipe me or the condom down with either a wet wipe or tissue etc. Perhaps she should be a maid? Nonetheless willing to try on top, mish, doggie and i came. A vanilla experience though reasonable.
