The Lady:

Destiny is a slip of a girl but very attractive - lovely long black hair and a tidy body. Slim with a handful for breasts, not large but very sensitive! Had tried to meet her before but well got waylaid with other things. Managed to meet up this time though and this was a very nice meet. Very attractive and one of the few girls that shows her face on her photos. Wasnt disappointed at all!

The Story:

Brief outline - wanted an hour of oral and sex with Destiny dressed in stockings and heels. She obliged and when I arrived I got a nice peck on the cheek which turned to a full on kiss. Lovely. Money out of the way and then stripped down lay on bed with nothing on and Destiny got to work, lovely oral without deep and very teasing! cum in mouth allowed but no facials. On with the condom and she climbed on top faced away first so I could see my cock in her pussy. Turned around and did bobbed up and down till we held each other tight and I came. Good encounter and one I think Ill repeat.
