The Premises:

Tired flat above a car show room, accessed via a side gate and car bodyshop forecourt then up an iron stair case. Not the most discrete and you need to buzz the buzzer from the side gate. The flay itself really needs some decoration. It is not a very nice plaqce for an intimate liason. Friendly maid whom I recognized from another parlour.

The Lady:

Alexia is an absolute stunning, black haired Italian goddess. For me she has one of the sexiest figures I could ask for. Slim and tonned with fantstic hips and thighs. Not very busty and about a dress size 10. Fabulous arse and very well dressed in blac lace undies and stockings that looked expensive.

The Story:

Alexia made up for the rough location. She is stylish, sexy and outgoing. Nothing was too much trouble and clearly loves sex. Bent her over the bed and totally rimmed out with my tongue deep inside her sexy back passage her while she gasped and wiggled her hips. Loves having her pussy played with too.

Eventually sex with Alexia on top which can only be dscribed as PSE. Alexia really got into the rythm of things and her body flushed as she appeared to climax. (not sure is she really did though)

Finished with an oily hand job - fantastic. I will now be a regular of this supreme being.
