The Premises:

An apartment in a building directly off the main street. There was some parking nearby in side roads & it felt like a fairly safe area. Her flatmate came down to open the gate to let me in & take me up to their apartment. The building had been recently refurbished & was clean inside.

The Lady:

Jennifer looked exactly like her pictures. She is very petite, slim with small but firm breasts. Her hair is dirty blonde colour. She is Hungarian & spoke very little English.

The Story:

When I initially phone to arrange a meeting she didn't answer & then replied by text message. We made the rest of the arrangements by text message beforehand.

When I met, my initial feelings were positive, she had a great body etc. Her English was very limited though & she seemed completely disinterested. At some points I felt that she might as well have been reading a book or watching TV as she was paying so little attention. At every stage I had to make the first move to get her to start doing something else. Although her profile had mentioned A, this was not available.

Overall the experience didn't live up to expectations - she's very cute, but just didn't seem into it at all.
