The Premises:

It is a clean warm flat near Leicester Square tube. The door is between two shops and you do not feel vulnerable. It's a friendly place. True, there's usually some part of the shower that's broken off, though it's rarely the same piece twice.

The Lady:

She is a pretty Indian girl in her early 20s. She is very chatty and friendly, and makes you feel really welcome. She is a lovely girl and I'm particularly fond of her beautiful breasts and nipples.

The Story:

I've seen her several times and always enjoy the experience. We talked all the way through the hour. She started off in sexy lingerie but this soon went. She gave me a sensual massage with lots of tickling in sensitive places. I then gave her a massage which is always one of my favourite bits, touching all of her favourite bits. While she used her hand and mouth on my cock I stroked her bum and nearby areas. She knows what I like and she always leaves me with a smile on my face. What more can a guy ask?
