The Premises:

Much-reported: ample dedicated or on-street parking; call the lift from the portico; ascend to 1st. floor. Five or six rooms, of which one has been recently completely refurbished, with more mirrors than Versailles (this last costs a premium of ?10). There's also a dom. area on a floor above.

The Lady:

Had Mel a few times before. As previous FRs describe, she's a girl-next-door, but quite tall, with very long legs and a slim body; and the best bit is her large natural tits, which have fantastically large brown areolae.

Josie is new to Blue Ice: elfin face, nicely shaped body and an utterly filthy disposition.

The Story:

On their entering the room - a large one, with a non-standard shape, which I much prefer for 2G sessions, especially because of the position of its mirrors - I told Josie to drop to her knees and suck cock while Mel did a sexy strip in front of one of the mirrors. They then both changed roles. There was much dirty talk and encouragement, DFK with one while receiving OWO (?10 each on top of the standard ?80), then turn about; then shagging with both in a variety of positions (and each claiming to want it harder and harder); and, finally, a load shot all over four tits, held up to meet the cream, while I stood at the end of the bed (and they sat, side by side) with one hot pussy against each of my thighs.

A generously-timed massage to end, and on my way a highly satisfied (not to mention knackered) punter.
