### The Premises:

Suburban end of terrace. Front door a bit exposed to busy traffic outside and other houses. Once inside clean and spacious.

### The Lady:

Website says 5'6" but I'd say a bit shorter, pretty face, long dark hair, nice curvy figure although cultivating a bit of a belly (but that I should cast the first stone!!). Good English.

While Anna is (probably) the girl in her photo gallery I would think they've either been photoshopped half to death or were taken ages ago (likely the former).

### The Story:

I always considered myself a good judge of character and human behaviour but obviously I was very much mistaken. Upon being ushered upstairs I was introduced to all 3 girls working that day. Anna came in and shook my hand and the combination of her figure and the fact that she made an odd little interested "Hhmm" noise as she left made me pick her.

I really don't like to leave bad feedback and normally try and emphasise the positive but it was all downhill from there really.

Distant to the point of coldness. Minimal, strained conversation. No eye contact. No sense of even trying to pretend she wanted to be there. If a request was made (and I am not a demanding guy) she would almost roll her eyes and sigh "Whatever you like baby".

Her general disinterest really put me off my game so I asked her to finish me off by hand (rolls eyes, "Yes baby"). Now CIM isn't really my thing but according to the site this is one of the things Anna specialises in. However from the way she jumped out of the way like she'd been stuck by a cattle-prod when I came I very much doubt this (she actually tried to wank me off with the condom still on until I asked her to remove it).

Shame. Won't be back.
