### The Premises:

Carol's flat is on the outskirts of Romford in a safe residential area. Easy parking outside. Being in an older block staircase is basic but inside the flat is clean tidy and well furnished, a real home.

### The Lady:

The pictures on Carol's web site are all recent and show you that she is a very cute, mature lady with blonde hair, lovely breasts with piercings and a great well kept body. A classic MILF for the younger ones, with a great attitude and brilliant at relaxing one and putting them at ease.

### The Story:

I first saw Carol about a year ago and got on very well with her. She encouraged me to go to my first party, and I have seen her a few times since at parties where she is usually the centre of attraction. While it is always a pleasure to party with Carol, I decide to give myself a pre birthday treat and went to see her for a one to one when I had the opportunity to be not far from Romford.

As usual Carol greeted me in a silky dress with underneath only a good suspender belt underneath and real silk stockings. We took orange juices into her bedroom and within minutes I was sucking her nipples and licking her sweet shaven pussy. She soon had me hard with her mouth and we started off with conventional mish but me finishing off in her bum which is one of Carol's specialities. Next we chatted about what we had been doing lately and when Carol told me about her latest movie shoot I became rock hard. We had very vigorous anal sex in several different positions as Carol is as athletic as a young Brazilian girl. I was having difficulty coming and as I had been late arriving and knew Carol had to go out that evening, to keep to time, I had Carol finish me off with her hands and mouth.

Lovely, another great time with a real classic sexy lady.
