The Premises:

Tiny bedroom literally just big enough for a double bed. En suite shower but no other space. Cramped and very ordinary.

The Lady:

Photos on website are stunning. It is the same girl but I wasn't at all sure at first. Not half as nice in reality as in the pictures and looking a touch plumper. She had worn stockings and heels as requested but otherwise no effort at all to be sexy. No make up and wearing dull clothes. Make up obviously transforms her as in the photos. On the plus side she is not unpretty and she is young and that youthful look is appealing and she has a stunning pair of young breasts. Very limited English; not possible to get a conversation going or make requests very easily.

The Story:

Big disappointment! Firstly that she wasn't as nice as the photos but more than that it was an uphill struggle all the way. She made almost no effort at all. Valentines day so I took her a nice present cos I'm like that. Virtually no reaction to it and no thank you so that was a bad sign.

In bed a tiny bit of massage and fairly reluctant and poor OWO, kept stopping. Had to push hard to get her to do anything. Almost no spark of life in this girl. I'm quite charming and managed to get a smile or two out of her but what an effort. Bit of cuddling and closed kissing was pleasant and ok; breasts a turn on; French kissing not on. Eventually agreed and went ahead with CIM which I had confirmed as a service prior. She obviously didn't want to do it as was instantly off the bed spitting and retching.

Then she disappeared for a few minutes, came back suggesting to have a shower and by implication leave even though there was 15 min of the hour left. Phlippping heck, how does she stay in business! I guess it's the photos on the website. I felt short changed but if you just want someone to lie there while you screw them she would be fine.

This girl is young, doesn't speak the lingo and is apparently fairly new to London so I've made allowances for what was a pretty rubbish punt. I could recommend her if you like young

inexperienced girls but her expertise is low and she gives quite poor service in my view and doesn't like the job. If anybody in her agency can speak to the girl she should wake up a bit. She has to be proactive, take an interest in the job, get the English going and be active in giving her customers a nice time. Or else try another job.
