The Premises:

A clean and tidy flat within a small block on Borehamwood High Street. Entry via intercom on busy street so very inconspicuous. A few stairs/corridors to negotiate inside. Free parking available in large retail park, 2 minute walk away. Borehamwood is easily accessible by car making it very convenient.

The Lady:

Attractive mature lady (45-50) with incredibly sexy curves. Beautiful dark hair and very well spoken. Typical upper class English rose, very friendly and easy to talk to.

The Story:

Very welcoming, we shared a drink together first. Clear of what she likes in the bedroom, which can sometimes be intimidating! I prefer a bit of spontaneity but that was clearly not going to happen this time. We shared an enjoyable kiss followed by some excellent OWO, which she clearly likes giving. Then one of her 'musts'... reverse oral. She was very encouraging to ensure this was going to happen but I was pleased to oblige. She obviously enjoys being licked out and was only too happy to provide commentary during the event. I therefore knew exactly when to change speed/stroke and the countdowns until she came gave me plenty of warning! She came 3 times until I had to stop, each time instructing me when to suck as she was about to ejaculate. She has a nice, clean pussy, slightly unshaven but not out of control. Apart from giving pleasure, I didn't particularly enjoy this session of reverse oral, the smell and taste did not excite me as normal. It didn't smell or taste unpleasant by any means, but perhaps some kind of soap or product that didn't appeal. I then took her from behind and the sex was good, again I was kept well informed of proceedings. After a quick clean up, we had a long chat where she shared many interesting stories with me, she is obviously well travelled with many life experiences (she doesn't clock watch at all). Overall it was an enjoyable experience. She is a lovely, sexy lady and would make the perfect punt for a certain type of guy, probably a distinguished gentleman, refined, enjoys the finer things in life and who likes a confident woman who will take control. Unfortunately... this is not me
