### The Premises:

It was an outcall, so she came to my place

### The Lady:

Hot body, beautiful large breasts, but face disappointing (her face is not clear on Vixens website)

### The Story:

While her body was fabulous, she was clearly not interested. She immediately said OWO would cost extra and I shouldnt come inside her. She tried to rush things by avoiding a foreplay. I was turned off and we finished within about 10 minutes, after I had come for the first time. She was reluctant to continue to play, saying for this price there was no way I could come one more time, although I had paid for one hour.

Clearly cant recommend her - while her body looks good you will soon be turned off by her attitude. I had used Vixens before and had some great girls I had a lot of fun with, and others which were very average. Caprice was by far the worst. Avoid her, she is totally overrated. I am pretty sure the Vixens website only posts positive reviews. I tried to post a negative one on her, and it never appeared.
