The Premises:

Second Floor shared flat between Notting Hill Gate and Queensway tube stations. Spotless but Alycia's room is quite small and dominated by a large (and new) double bed. Big fan in the room for warmer days (if we ever get any!).

The Lady:

Quite gorgeous. Tall, slim, long hair, very pretty face and natural medium sized breasts. No tattoos or piercings. The more flattering pictures (in black underwear) on the website are the closest to the real Alycia (one or two of the other pictures should be removed because she is far better looking than they suggest!). However, the reality is better than any of them!

The Story:

For the last couple of years I have only bothered reviewing the really good and the really bad escorts. Alycia is definitely in the former category.

I intended to stay for an hour but after seeing how gorgeous she is and talking with her for about 30 seconds I knew that this was going to be special and opted to extend to 90 minutes. Great decision!

She is really easy to talk to and speaks good English - on a couple of occasions we struggled to understand each other but it simply added to the fun. She is extremely easy going.

Services? Quite wonderful. Personal highlights - she kisses more willingly than most Orientals, OWO is hands free and nice and deep, rimming (both ways), anal play (on me) and DATY. Perhaps the highlight was sex in doggy - she simply is the perfect height for doggy in a standing position. Anal is available but I didn't partake. All of the above was performed with a smile.

So, to sum up. Alycia is new to escorting but she is a natural star. Definitely the best escort I have met in the last couple of years and, if she maintains this standard, I will probably be completely faithful to her until she leaves (except perhaps a duo with her flatmate Mata!). Roll on my next meeting with her.....
