The Premises:

Already well reported by other reviewers.

The Lady:

About 24 years old, beautifully slim and well toned. I guess about 5'5" tall, dress size 8. Breasts natural, warm and soft, perfectly shaped with no sag, small-to-medium (absolutely gorgeous), size 34B at a guess. Relative to her overall height, she has long slim legs, with a nicely shaped bottom. Fully shaved. Her best feature, however, is her face. A beautiful smile, and long brunette hair. Overall, very attractive. I fell for her, big time.

The Story:

The first thing I noticed about Sadie is what a happy young woman she is. Always smiling and laughing. The smile is genuine: she smiles with her eyes, as well as with her mouth. When you are with such a happy young woman, you soon realise that you feel happy too. Her happiness is infectious.

When she came into the room, I was sitting naked on the side of the bed, facing the full-length bedside mirror. She came over to me, introduced herself, and asked me whether I would prefer her to keep her flimsy lingerie on, or completely undress for me. I said that I would like to do her undressing for her, myself. So she sat down on the edge of the bed, between my open legs, the two of us facing the large mirror. I fondled her breasts through the lingerie, and she turned her head so that I could kiss her on the lips. Slowly at first, she began to slightly gyrate her hips, so that her firm yet soft bottom pressed lightly into my cock, which was increasingly showing an interest in her. I observed events with equal interest, as they unfolded before me in the mirror.

I did eventually manage to undress her. After a bit more breast fondling, kissing, and bottom gyration (the minx!), with a beautiful girl completely naked between my open legs, we managed to get a massage under way.

What followed was a really top-rate GFE. I recommend Sadie to any client who, like me, enjoys a

gentle GFE type of encounter accompanied by pleasant conversation. Not only is Sadie a very sexy young woman, but she is a very nice person too. Her happy demeanour made me feel happy. If I were 40 years younger, I would certainly be trying to date her. As it was, she truly was my girlfriend for the half-hour I spent with her. Top drawer.
