Details of Service Provider:

The Premises:

well known street and walk up. Has a good reputation and home to some great girls over the years.

The Lady:

mousy blonde hair in a pony tail. Big ff cup boobs and fit as a fiddle bodywise, facially not all that great. Tanned skin, and from the czech republic allegedly!

The Story:

she was not interested in pleasing me at all. Didnt take her top off, asked for an extra tenner, so the reason i went in (to see her boobs) was a waste of time. Lousy handjob, no touching, rushed bj but actually quite good. When it came to sex she wasnt giving me any eye contact and looked completely disinterested. Only when i got some rythem going did she start to grunt and sign and took hold of my hips. Asked her to climb on top , exected her to say no but she did. Bounced around for a couple of mins, and she started moaning about the clock. I said fine and just got dressed. I hadnt cum so went elswehere, with another girl who was less abrupt and wasnt watching the clock. Weird punt but she wont score highly on many peoples reviews if she doesnt improve on her customer skills!
