Isabell (or Bella) is a voluptuous brunette, with great boobs and a vey lickable arse.

The Story:

This was my first time as a slave - I'm normally the assertive type, but was intrigued by Bella's profile. She assured me that she would break me in gently, so I decided to go ahead with a same day booking.

On arrival I was greeted at the door of the flats by Sam, B's friend and colleague in lust. Sam was dressed in street clothes, but even so looked stunning - a tall and shapely blond. S led me up to the second floor and ushered me into the boudoir. B immediately appeared, dressed in high heels, patterned tights and a figure-hugging basque. B sat me down on the bed and explained that I was to be her slave, but that she would be gentle with me as a virgin slave. She asked me to strip off and go down on all fours next to the bed. I obliged while she left the room briefly with the cash. On B's return she commanded me to lick her feet and shoes, each in turn, which I found quite a turn-on. Then she instructed me to bend over the bed and started to slap me with her cat o' nine tails and then her paddle - this was also fun. Next I was instructed to lay on my back on the bed, and B bit both my nipples quite hard - painful, but also rather exciting. This was followed by some anal play with a small vib - wow, that was fab! After that I was allowed to kiss and lick B's nipples, though not to suck or bite. Both went quite hard under my ministrations. Then it was on with the condom and B took my member deep into her mouth. That had the intended effect, so B decided that she would let me fuck her at last as a reward, with her on top cowboy-style. No more details, folks, but the rest of the hour passed lustfully and I was fully satisfied, though not quite on my best form.

I asked if I could have a brief word with Sam and she came into the room when we'd finished. I'll be booking her next, then the two of them together, methinks!
