### The Premises:

well reported in previous punts by me

### The Lady:

Lexi stands at about 5/7 in heels Dressed to impress every time i have seen her and i have seen her a few times, she had managed to slip my mind and i really dont know why because with the long black hair and the Hour Glass figure i should have remembered this italian looking stunner quite a catch really, she is pleasant nice to spend time with and very chatty and respectful.

The all over body tan is a nice addition makes her breasts and cleavage look great and when undressed she is Magnificent in every way definatly must be seen to believe.

### The Story:

Lexi gives a royal service in the room and is not in anyway backward coming forward at one stage she grabb my hands and fully encouraged me to explore her body in certain areas, without esitation i fondled her as requested she makes you feel like you have known her all your life and puts you at ease from the moment you enter the room.

So if your a first timer or a seasoned punter she comes highly recommended by me and i know a thing or two about the parlour scene

all i can say is THANKS Lexi hun muuuah Kiss 4 u AND 10 STARS FOR THE SERVICE
