The Premises:

Maisonette a stone's throw from Grange Hill tube station. Nice enough area with plenty of free on road parking. Didn't see much of the house but the bedroom was clean and adequate enough for the job in hand.

The Lady:

Tall, blonde, mature, small breasts, fully shaved between the legs. Photos on the other site are a good representation and worth a thousand words.

The Story:

I was having a bad day and in need of TLC. Julie's been on the must see list for quite a while because of the impressive list of FRs from satisfied punters which made her my first choice.

Booked her for an hour. It took me a lot longer to reach her than expected because of the vagaries of the southbound M11 and I was over 15 minutes late making a bad day even worse. She had another appointment immediately after and could only offer me 45 minutes but refused to accept my offer of full payment for the original allotted time. A lovely gesture I thought.

The action started with passionate DFK and then she moved onto equally well executed owo. Then sex in the missionary position whilst continuing with the DFK culminating with owo cim which she swallowed. This exactly what was needed to restore my equilibrium.

All in all, a wonderful session with a wonderful lady.
