The Lady:

A Chinese lady in her late 20's or early 30's

The Story:

One hour of delightfull fun with a beautiful woman. The lady delivered what was agreed - cum twice, OWO, french kissing, penetration with a condom.

However, the main reason that I visit such ladies (ie. oriental, here for a week then gone to another city) is the total acceptance of the situation and the reciprocal appreciation of respectful loving.

What I mean is, when you treat them well, they treat you very well. I love reverse oral, and I am good at it (I believe). The response from Chi Chi (and others before her) seems to be that if the man shows good loving, then they will do so in return.

Accepted, the pillow talk is limited, but where am I going to meet a gorgeous Chinese woman in the West Midlands with fluent English? No, these encounters are unique experiences.

My experience with 'home grown' ladies have not been to the same satisfaction. Therefore, when I do go punting, I tend to go oriental.
