The Premises:

Clean and tidy place. On major road but discreet access, above shops.

The Lady:

Mid 30's. Dark Blonde, slim. Slightly sagging tits, but still bouncy. Stunning bum.

The Story:

Started with kissing, she initiated it which is always nice and not overly common. Moved on to a me licking out her pussy while she sucked me off, 69ing. She takes it very deep in her mouth, and is flexible enough to do that and still present her pussy for attention (i'm quite short).

Blew my first load in between her tits with her talking dirty, seemed to enjoy have cum land on her neck.

Talked and kissed for a while after before moving onto some pretty intense anal. She is super tight, so didn't last long and emptied my load inside her. Time wasn't quite up, but no clock watching and we chatted idly for a little while.

Danni is a super punt, well worth an hour of anybodies time. Treat her well.
